

We had an amazing turnout at our 2nd Annual Friendraiser. Thank You to all who came out! But if you missed it...

CAMI remains dedicated to working with our residents, businesses, and other non-profits to make strides within our four cornerstones:

1. ARTS AND CULTURE
2. BEAUTIFICATION
3. CIVIC EDUCATION
4. CONSERVATION

Our member testimonials were proof that in just our second year the ripple effects of our actions are being felt in the Merritt Island Community. We received support from

- **Tom Goodson**, our District 2 Commissioner
- **Deborah Carson** a well-respected community volunteer; **Shane McMillan** of Trinity Fitness (a local nonprofit); and **Devon Klingman** owner of Rockledge Gardens (and CAMI business partner)
- **Kelly Freno**, who learned about a grant through our civic education session on the Indian River Lagoon and is now putting her own kayak clean up project into action
- **Dean Schaaf**, President of the Brevard Veterans Center on our continuing partnership to make CAMI's Holiday Illumination the biggest gathering of our community each December.

Most importantly, CAMI is just getting started. Our success comes through strong community connections - and that's what you we did Monday Night. We connected to our hopes and dreams for Merritt Island. Now we hope you will share yours with us!

The easiest way to share your ideas is by renewing your [annual membership or becoming a new member](#) and [signing up for one of our four cornerstone committees](#). Click on the links to easily find all these options on our website! You can also leave us a message on social media, send us an email, or contact with us via our website and share your ideas.
